In Memoriam to Prof. Mira

Unfortunately, our friend Prof. Mira passed away on August 13th, 2008. As a pioneer in the field of Cybernetics, he was enthusiastically promoting and organizing these interdisciplinary meetings. We want to dedicate IWINAC2009 in honor of his scientific work.

Acknowledgments

IWINAC2009 has been organized by the Universidad Nacional de Educación a Distancia (UNED) and the Universidad Politécnica de Cartagena (UPCT) in cooperation with the Universidade de Santiago de Compostela (USC).

We acknowledge the sponsorship and/or technical and logistic support from:

Scope

This interdisciplinary meeting, with focus on the interplay between Nature and Computation, expands the scope of neural computation at the physical level to cope with symbols and knowledge level models of cognitive and social processes. The global purpose is to offer a forum for discussion and exchange of ideas between scientists and engineers from fields such as Electronic Engineering, Artificial Intelligence, Knowledge Engineering, Physics, Mathematics, Computation, Artificial Vision, Situated Robotics, Neurophysiology, Cognitive Science, Linguistics and Philosophy, trying to contribute to the answer of two basic questions:

I: From Computation to Sciences of Natural.

What can Physics, Mathematics, Engineering, Computation, Artificial Intelligence (AI) and Knowledge Engineering (KE) contribute to the understanding of Nervous System, Cognitive Processes and Social Behavior? This is the scope of Computational Neuroscience and Cognition, which uses computation to model and improve our understanding of natural phenomena.

II: From Sciences of Natural to Computation.

How can Engineering, Mathematics, Computation, AI and KE find inspiration in the behavior and internal functioning of physical, biological and social systems to conceive, develop and build-up new concepts, materials, mechanisms and algorithms of potential value in real world applications? This is the scope of the new Bionics, known as Bioinspired Engineering and Computation, as well as of Natural Computing.

Travel Information

The Santiago de Compostela airport (international code "SCQ") with flights mainly from Spain and Europe, is located at 10 Km. far away from Congress venue. Taxi rates from airport to the city are around 20 euros. There is also a bus line from airport to the city.

Also, it is possible to go to Santiago de Compostela by train from Madrid, Barcelona, and other Spanish cities.

Please, contact our Technical Secretariat (ESOC) for a more detailed information on travel and accommodation.

Language

English will be the official language of IWINAC2009. Simultaneous translation will *not* be provided.

Climate

Santiago de Compostela is located at about 42° 52' N and 8° 33' W near the geographical center of Galicia, Spain's northern and westernmost region. The city, which is 260 meters above sea level, looks eastwards towards inland Galicia, through which the Way of St. James advances among fertile hillocks and traditional architecture based on stone. Westwards, the Atlantic coast is only 30 kilometers away. The humid oceanic climate guarantees mild temperatures throughout the year. The annual mean temperature is around 15°C, with an average of 8°C in winter and a pleasant summer with temperatures ranging from 20°C to 27°C. Most of the rain falls in winter, with variable amounts of soft rain in spring and autumn.

Banks

Business is transacted from 09:00 to 14:00 h. Monday to Friday. Money can be changed outside normal banking hours at Hotels, Travel Agencies and other business, displaying a "*Cambio/Change*" sign. Take your Passport or Identity Card with you when changing travelers checks.

Currency

The monetary unit in Spain is the *EURO*. Coins: 1, 2, 5, 10, 20 and 50 cents; 1 and 2 Eur. Banknotes: 5, 10, 20, 50, 100, 200 and 500 Euros. All international Credit Cards (Visa, American Express, Master Card, Eurocard, Diners Club, etc.) are widely accepted by Hotels, Restaurants and Shops.

Tipping

Since the service charge is normally included in restaurant, hotel and taxi bills, tipping is optional.
